

UoN HIV Capacity Building Fellowship

Submitted by lindan on Wed, 05/30/2018 - 18:56

Date and time: Fri, 05/25/2018 - 05:00

Location / Venue:

UNITID

University of Nairobi Institute of Tropical and Infectious Diseases (UNITID) hosts the Open and Distance Learning Leadership (ODEL) Team to showcase the UNITID Online Learning Management System

1. UNITID through the University of Nairobi HIV (UHIV) Capacity Building Fellowship Program held a half day workshop to demonstrate the UNITID Online Learning Management System (LMS)e-portal which is currently hosting online courses. During this workshop which was held on 25th May, 2018, the UNITID team provided a background and history of the 4-year journey towards the development of the LMS demonstrated its capacity to host content and manage learners while providing the requisite learner support and tutoring. During the workshop the participants were taken through the process of learner registration, enrolment into courses, training, and management of content, evaluation and processing of certification through the UNITID e-portal. This workshop was attended by; Director and Deputy ODeL Campus, Curriculum Reviewers, Course Leads for the UHIV Fellowship Courses, CHS ICT staff, College Registrar, UNITID Staff and Program Staff. The ODeL Team was appreciative of the support given by Director, UNITID and his team towards facilitating e-learning activities for the University of Nairobi by making of local human resources. They expressed their satisfaction with the quality and structure of the UNITID LMS and expressed interest to collaborate further

to leverage on e-learning approaches and resources. [Click here to View Event Gallery](#) [1]
